

RE: COVID – 19: MESSAGE FROM DIRECTOR GENERAL

In response to the latest developments on COVID-19 outbreak around the world, several countries have taken precautionary measures related to the outbreak. In line with the directives on COVID-19 from the various Governments that we serve, ESAMI, has deferred all programmes that were scheduled to run because it has increasingly become difficult to continue offering programmes given COVID safeguarding guidance we need to observe.

To comply with these directives, ESAMI is rescheduling all short courses which were to run from 23rd March – 17 April, 2020 to a later date. The new schedule of the affected programmes will be posted on ESAMI website soon.

We recognise that these sudden cancellations of programmes has greatly inconvenienced many of our customers and we would like to apologise sincerely for this but we hope that we will come back stronger. I know that we're going to get through this, together.

We thank you for your support during this time. We look forward to serving you again once the pandemic is over.

Prof. Bonard Mwape (PhD)
Director General
