COVID-19 NOTICE

TO: ESAMI BUSINESS SCHOOL STUDENTS

As you already know, in response to the unprecedented COVID-19 scourge ravaging nations, governments have issued directives ceasing public activities. These notices vary in both their intensity and the period covered, with the longest being 32 days.

In light of these developments, and to align with government directives, the Business School wishes to advise all our students that there will be no scheduled activities until 20th April, 2020.

The resumption period remains subject to any new directives from individual governments. Meanwhile, School learning resumption dates, post-government shut-down directives will be communicated timely to individual intakes through our normal scheduling. For those preparing for examinations, please continue to do so while waiting for exact examination dates.

For the avoidance of doubt, let me reiterate that there will be no classes or examinations during the period covered by government directive in your country.

Finally, I urge all of you to do everything you can to keep yourself and your families safe and let us all meet on the other side of this pandemic.

Thank you

Prof Bonard Mwape (PhD)
